Sir,

LB 4-25 25

I have the honour to state that in connection with the development of Cottage and Home Industries, the Organiser of the Institute of Cottage and Home Industries, Mysore City, proposed that 12 poor women might be given a monthly stipend of Rs.6/- each for one year to enable them to learn Home Industries comprising the marginally noted items. This was considered by the Economic development Committee of the District Board at its meeting held on 1-12-25. The Committee recommended to the District Board that five scholarships of Rs.6/- each might be granted to poor women for learning Home Industries.

1. Hand knitting and crachet.
2. Knitting by machiene.
3. Spinning.
4. Embroidery work.
5. Rattan work.
6. Ball thread winding.

The matter was placed before the District Board at their ordinary meeting on 12-12-25 when it was resolved that five scholarships in Home Industries may be given but the value should be Rs.10 per mensem and they should be available only for women from outside Mysore.

In enclosing an extract from the proceedings of the Board, I request that sanction of the Government may be kindly obtained to the resolution of the District Board, the cost being met from the sum of Rs.5000 provided on account of Economic Work under "C.2." in the current years budget of the District Board of Mysore.

The President,
District Board of Mysore,
Mysore.

19 The question for consideration is whether the grant for needlework scholarships for women from outside Mysore City and outside Mysore as wrongly stated by D.C. in his letter of 2nd Jan'y 1924, is a legitimate charge on Dt Bd funds.

20 There has been a change in the law in respect of this point

21 Originally Sec 9(3) governed the case. Under Cl 3 of Sec 9 the L. Bds had power to use their funds for encouragement of industries

22 This Section was deleted & cl i to Sec 8 was added by Reg'n III of 1923.

Cl (1) of Sec 8 seems to be wide enough to cover cases of the kind contemplated in the question.

23 Training of women in needlework may lead to economic development of the District in that it helps them to make a living & augment their source of income. When women taken are trained in Home Industries in a District, development of the natural resources of the community to which they belong naturally follows.

25 This economic may lead to the development of the economic condition of the District & advancement within the meaning of Sec 8 Cl.

26 The grant of Scholarships for needlework for women is therefore a legitimate Charge on Dt Bd funds
